NON-COMPLAINE HEARING ORDER DATED 02.11.2023

The Commission, vide order dated 28.04.2023, passed the following directions:

DECISION:

Keeping in view the facts of the case and the submissions made by both the parties, the Commission observes that the information being too voluminous, directs the CPIO to seek clarification from the Appellant regarding specific the information he wants for a specific time period for which it is required, within 1 week of the receipt of this order and further wait for 15 days for the Appellant to reply. If the Appellant specifies the same then the respondent can share the said information with the Appellant, within a period of 15 days from the date of receipt of his response under the intimation to the Commission. If he does not give the reply in the time frame given then there is no further intervention of the Commission required.

Further the Commission notes the issues relating to management and regulation of schools responsible for promotion of education are so important for development that these cannot be left at whims and caprices of private bodies, whether funded or not by the government. The Directorate of education should, therefore, ensure compliance of these directions. In case the school in question fails to cooperate in the matter, appropriate action under relevant rules should be initiated for de-recognition of the school. A compliance report may also be submitted to the Commission.

The Appeal stands disposed accordingly.

The Appellant has filed a non-compliance petition before the Commission. The Commission vide order dated 23.10.2023, decided to hold a hearing in the matter.

ing during the hearing:
ing were present:
at: Mr. Prabhjot Singh Dhillon and Advocate Sahib Singh Dhillon, attended the
pendent: Mr. Jai Pr ksh, DDE & PIO, attended the hearing.

The Appellant vide reiterating the contents of the RTI Application has stated that as per the direction passed by the Hon'ble Commission vide order dated 28.01.2023, he has reduced the period of information required from 10 years to 5 years but the Respondent has still not provided the information.

The Respondent while defending their case has submitted that since there are more than 200 schools and each school has its own PIO, their office vide letter dated 30.05.2023 has requested the Appellant to specify the PIO for which the information is required but to no avail.

DECISION:

Upon perusal of the facts on record as well as on the basis of the proceedings during the hearing the Commission observes that the Respondent has not categorically complied with the previous directions the Hon'ble Commission thus violating the provisions of the RTI Act. It seems that the PIO is treating the RTI Act in a cavalier manner and even insulting it. It also raises a reasonable doubt that the denial of information is with mala fide intent. Since the averred matter raised in the instant RTI Application involves larger public interest, the Commission deems it fit to direct the Respondent Public Authority to re-examine the matter and provide the relevant information to the Appellant within 60 days from the date of receipt of this order. In the event Respondent is required to seek further assistance from any other office/officer for compliance with the above directions, the same shall be sought under Section 5(4) of RTI Act.

With the above observations, the instant non-compliance complaint is disposed off.

JUDGMENT (ORAL)

1. Petitioner has approached this Court challenging the Order dated 06.11.2023, passed by the Central Information Commission (hereinafter referred to as "the CIC").

2. The facts, in brief, leading to the present Writ Petition are as under:

- a) It is stated that the Respondent herein filed an RTI application seeking information as to in how many cases the Aided School Branch, Department of Education has taken action against the teachers for taking private tuitions in the State of Delhi. It is stated that the Department of Education transferred the application of the Respondent to the concerned Public Information Officers (PIOs) of all districts.

- b) Aggrieved by the fact that the information sought for by the Respondent has not been given to him within the stipulated time, the Respondent filed a first appeal before the Appellate Authority. The said appeal was disposed of *vide* Order dated 28.04.2022 with a direction to the PIO (ASB) to pass directions for providing the information.
- c) A second appeal was filed by the Respondent which was disposed of *vide* an order dated 28.04.2023 with a direction to the PIOs to seek clarification from the Respondent regarding specific information which he wants for the specific time for which the information was required.
- d) On 09.06.2023, the Respondent wrote a letter to the PIO (ASB) stating that though the Respondent requires information for 10 years but keeping in mind the spirit of the Order passed by the CIC, the Respondent sought information only for a period of five years, i.e. from 01.01.2017 to 14.02.2022.
- e) Since no action was taken, proceedings under Section 18 read with Section 20 of the Right to Information Act, 2005 was initiated by the Respondent. On 06.11.2023, the CIC has passed the impugned Order observing that the PIO is treating the RTI application of the Respondent in a cavalier manner. The CIC also directed the PIO of the Aided School Branch to provide the relevant information to the Respondent herein within 60 days from the date of the said Order.
- f) Aggrieved by the said Order, the Petitioner has approached this Court.

3. At the outset, it is to be observed that the Petitioner has only

challenged an Order directing the Petitioner to comply with the Order passed by the CIC and the State has chosen not to challenge the principal Order by which the Petitioner has been directed to provide the information. A perusal of the material on record discloses that on the contention of the Petitioner that the record sought by the Respondent is very voluminous, the CIC had directed the Petitioner to ask the Respondent the specific time period for which he requires the said information and vide letter dated 09.06.2023 the Respondent had reduced the period for which the information was sought from ten years to five years.

4. Learned Counsel appearing for the Petitioner contends that the Department of Education has no control over unaided Schools and, therefore, it cannot provide for the information regarding action taken by the unaided Schools against their teachers for taking private tuitions. He further states that there is no direction from the Vigilance Department of the Department of Education to maintain a list of cases of misconduct. He also placed reliance on a Circular dated 01.11.2017 by which an application made under the RTI Act cannot be sent to private unaided schools as they are not public authorities amenable to the RTI Act. He states that since private schools are not under the RTI Act, the Respondent cannot seek for any information regarding unaided private schools.

5. Per contra, learned Counsel for the Respondent states that under the Delhi School Education Rules, 1973, if a private school intends to take major penalty against a teacher then it must authorization from the Department of Education and, therefore, it cannot be said the Department of Education does not have the requisite information.

6. Heard the Counsels for the parties and perused the material on record.

7. A Petitioner Authority cannot take a stand that since the information

Court

sought for is not available at one place and it will take a long time to collate the same, therefore, the information cannot be provided under the RTI Act. Difficulty in collating the information is not a ground under the RTI Act not to give the information. In view of the above, the disciplinary proceedings taken by Government and aided schools against teachers who take private tuitions can be made available to the Respondent as the information would be available with the Department though not at one place and has to be collated. Insofar as the information regarding teachers of private unaided schools is concerned, Rules 118, 120(1)(d)(iv) and 121(2) of the Delhi School Education Rules, 1973 stipulates that if a School intends to take a major penalty against a teacher then the approval of the Director of Education is necessary and without such an approval any action of major penalty cannot be imposed on the teacher. Therefore, information related to teachers of private unaided schools can be collated from the records of major punishment imposed by such schools.

8. Rules 118, 120(1)(d)(iv) and 121(2) of the Delhi School Education Rules, 1973 reads as under:

*"118. Disciplinary authorities in respect of employees
The disciplinary committee in respect of every
recognised private school, whether aided or not, shall

committee of the school; (ii) the manager of the school;

the case of an unaided school; (iv) the head of the

have been entitled had he not been dismissed, removed or compulsorily retired from service or suspended prior to such dismissal, or compulsory retirement from service, as the case may be: Provided that where the managing committee is of opinion that the termination of the proceedings instituted against the employee had been delayed due to reasons directly attributable to the employee, it may, after giving a reasonable opportunity to the employee to make representations and after considering the representation, if any, made by the employee, direct, for reasons to be recorded by it in writing, that the employee shall be paid for the period of such delay only such proportion of the salary and allowances as it may determine."

9. A perusal of the abovementioned Rules indicates that if a Private/unaided School intends to take a major penalty against a teacher then the approval of the Director of Education, is necessary and without such an approval any action of major penalty cannot be imposed on the teacher. In view of the above, the Petitioner must have the information regarding the penalty taken against a teacher for taking private tuitions in both Government and private schools.

10. As stated above, the fact that the information might not be available at one place cannot be reason to deny such an information. Efforts have to be made by the Department to collate the information and then give it to the Respondent.

11. The object of the RTI Act is to ensure transparency in the functioning of the Departments and this cannot be thwarted by the State Government on the ground that voluminous information is being sought and, therefore, the information cannot be provided. The Government also cannot deny
